22 March 2020

To,

All Companies / LLP in Vadodara District and Companies in neighbouring districts who's employees travel from Vadodara.

Shutdown of Industries in Vadodara District from 23 March 2020 onwards

Dear CII Members,

As you are aware COVID19 is a Pandemic. In this regard, an emergency meeting of various industry bodies and associations was conveyed at the collector office on Sunday, 22 March 2020 at 1100 hrs.

This meeting was attended by Confederation of Indian Industry (CII), Federation of Gujarat Industries (FGI), Vadodara Chambers of Commerce and Industry (VCCI), Por Ramangamdi Industry Association, Ranoli Industry GIDC Association, Savli GIDC Industry Association, GIDC Makarpura Industry Association, Waghodia Industry Association, FSSI, etc.

As per the discussion with Hon'ble Collector and District Magistrate, Vadodara, it has been **strongly advised** for a **complete shut down of all the industries in the district from 22 March 2020 onwards** to break the COVID19 chain and ensure the health and safety of all citizens of the district. However, certain exceptions for companies involved in manufacturing of pharma, API, mask, etc and essential services be allowed to function. Also those factories having continuous process which need one or two days to shut down, should send the respective association a written request to be presented to the local government authorities for their kind consideration.

All the industry associations unanimously agreed to complete shut down of their member industries and request their support for the betterment of district and nation at large.

Situation will be reviewed and if any further instructions received, will be shared with all members.

Yours Sincerely

Parthesh Vyas
