

About GUJCOST

The Gujarat Council on Science and Technology (GUJCOST) was established in September, 1986, to play a catalytic role in promoting the use of Science and Technology in the development process of the State.

About the Sankalchand Patel University

Sankalchand Patel University (SPU) was established in 2016 vide Gujarat Private Universities (Amendment) Act,, approved under UGC section 2(f) and ranked three star from GSIRF, located in Visnagar, Gujarat. The University is spread across 84 acres of land. Today, the university is offering various Medical, Paramedical, Technical, & Science Courses in campus. SPU Campus is situated in natural surroundings serves multiplicity of purposes due for academic institutions. SPU focus on philanthropic value based education system from schooling to Ph.D. level. SPU have collaborations with top industries for placement and also have dedicated cells for Students Start-up & Innovation Policy (SSIP), Student Incubation Centre (SIC) & Patent Information centre (PIC) separate girl's and boys hostels are available in the campus.

About the Institute

Nootan Pharmacy College (NPC) is a pioneering institution in Pharmaceutical education in India and was founded in 2006. The college is approved by All India Council for Technical Education (AICTE) and Pharmacy Council of India (PCI). Since its inception as a college offering a B.Pharm M. Pharm and Ph.D courses, the college has grown in stature and at present offers

Masters, and Doctoral programs of study in Pharmaceutical Sciences. More than 560 B.Pharm and 100 M. Pharm students has completed their study and 38 students are pursuing their Ph.D from NPC. Many of the NPC alumni now hold prominent positions in industry and academia both in India and abroad. NPC has well equipped laboratories, the drug testing and training laboratory, state of the art equipment, instruments, internet facilities and an excellent library. NPC encourages and undertakes collaborative projects with industries and academia. More than 14 industry/Government sponsored projects have been completed. The institute organizes workshops, conferences and seminars for pharmacy faculties, at regular intervals.

Expert Speakers

Intellectual Property (IP) is protected in law by, for example, patents, copyright and trademarks, pharmaceutical industry is a prime source of medical innovation. In a pharmaceutical or biotech company, Intellectual Property (IP) is indeed the most valuable resource, which contributes significantly to the company's future success, which enable people to earn recognition or financial benefit from what they invent or create. Eminent speakers from Pharmaceutical Industries, IP Consultancies and reputed Institutions will deliver their talk in the Course.
