7. Anita needs only ₹ 90 to make her money up to ₹ 200. How much money does she have?

8. Joe has ₹ 12. Peter has ₹ 16 more than Joe. How much money do they have altogether?

57

Ch-3 Money.

Story Sums

Ans. 1

			2
Amount Mary has		₹	15
Amount Tara has		₹	28
Amount Babu has		+ ₹	19
So, Total amount they have together		₹	62

Ans. 2

		4 10
Amount Raju's mother gave	₹	50
Amount he spent	- ₹	33
So, Amount left with Raju	₹	17

Ans. 3

Amount that Mala spent for a toy	₹15
Amount that Mala spent for an ice-cream	₹10
Amount that Mala spent for popcorn	+ ₹ 22
So, Total Amount spent by Mala	₹ 47

Ans. 4

Amount Rita needs to buy a ball.	₹ 05
Amount Rita needs to buy a pen	₹ 12
Amount Rita needs to buy a pencil	+ ₹ 02
So, Total Amount she needs	₹ 19

Ans. 5

Amount Deepak had	₹ $\overset{0\ 10}{\cancel{1}\cancel{0}}0$
He bought school bag	− ₹ 80
So, money left with him	₹ 20

Ans. 6

Amount Ajay gave to shopkeeper	₹ $\overset{4\ 10}{\cancel{5}\cancel{0}}$
Ajay bought a toy car	− ₹ 35
So money will return by the shopkeeper	₹ 15

Ans. 7 Anita wands to make money
Anita needs money to
Complete that Amount
So. Total money she will
have

$$\overset{1}{\cancel{2}}\overset{10}{00}$$

$- ₹ 90$

110

Ans. 8 Amount Joe has = ₹12

As peter has more than Joe

Amount Joe has	12
Amount peter has ₹16 more	+ 16
Amount peter has	28

⇒ Amount Joe has   12
   Amount peter has + 28
So, total amount they have   40
altogether.
